

STEM Qboidz Starter Set

E05.1 TEACHER'S GUIDE

The **STEM Qboidz™ starter set** is the ideal set for preschool children to start building with **ENGINEO®**. The QBOIDZ™ system combines the award-winning snap-fit connectivity of **ENGINEO®** system with the effortless building feature of stackable blocks! The set encourages preschool children to develop their cognitive, social and motor skills through fun and creative play. This set includes enough parts to build models out of a library of 20 different ideas. The system is designed to allow for four different levels of building complexity, allowing younger children to still be creative while also challenging them as they grow older!
