STEM & Robotics ERP PRO Set

E30.1 TEACHER'S GUIDE

The STEM & Robotics FRP PRO education set is specially designed for late Primary and Secondary school students of ages 9.12+. It combines the core subjects of STEM together with Robotics and includes high-level projects that lead to a deeper understanding of the underlying theory while also developing 21st century skills. The set comes in a convenient plastic storage tub that contains a large number of Engino structural and technical parts, together with advanced robotic devices such as ERP Pro controller, DC motors, LEDs, touch sensor and IR sensors. The set allows the construction of more than 30 STEM and Robotic models.
